## EXPERIENCE

**Kelley Connect (Merged from Michael Business Machines)  
Copier Service Technician**

**Bellingham, WA  
2011-Present**

- Mechanically serviced and supported photocopiers from multiple brands with focus on Toshiba and Lexmark.
- Performed network setups including installation of print drivers and setting up scanning to network folders or email servers.

- Used personal judgement to work through assigned calls based on issue severity, customer needs, time restraints and location.

**Absorption Corp. (now known as Healthy Pet)**

**Ferndale, WA**

**Graveyard Shift Second Lead**

**2006-2011**

- Directed shift workflow to meet production needs and ran shift in absence of primary lead.
- Operated forklift and front-end loader to handle movement of materials and finished goods.
- Trained and supported production workers.

**EDUCATION**

**Certificate in Full Stack Web Development**

**November, 2022**

University of Washington

Seattle, WA

**Associate of Science in Computer Networking & Information Tech. December, 2004**

High-Tech Institute

Phoenix, AZ
